RE: AAA Cooper Transportation (ACT) to Unify Midwest Motor Express (MME) and DHE Transportation (DHE) Under the ACT Brand – Effective January 1, 2026

To: All Customers

We are pleased to announce that, effective January 1, 2026, AAA Cooper Transportation (ACT) will unify Midwest Motor Express (MME) and DHE Transportation (DHE) under the ACT brand, continuing our commitment to providing operational excellence in both our regional and super-regional services.

This change requires no action on your part and does not affect existing pricing, data exchanges, SCAC code, or your current points of contact within Sales, Administration, or Operations.

Thank you for your trust and support over the past three years of remarkable change and growth at AAA Cooper Transportation. Sustained by your confidence, we have successfully integrated two regional brands, expanded into over 50 new markets, and established around 40,000 new line-haul lanes across our network.

This integration occurred alongside the ongoing transition of MME and DHE into ACT's operating and administrative systems, with the final migration to ACT's financial systems in July 2025. The teamwork, ingenuity, leadership, and dedication of all ACT, MME, and DHE employees, combined with your support, enabled us to complete this transition in record time. It represented a unique and seminal challenge for both our company and the LTL industry, ranking among the most complex initiatives I have experienced in my 35 years in the industry.

I am very proud of the commitment and collaboration demonstrated by our teams and by you, our valued customers, throughout this process.

On behalf of everyone at ACT, I would like to express our gratitude for your continued support and trust. As we bring our brands together, we remain committed to delivering exceptional service, driving innovation, and expanding our trusted partnerships for many years to come.

Sincerely,

1751 Kinsey Road, Dothan, AL 36303
